Magellan LED

Entices. Inspires.
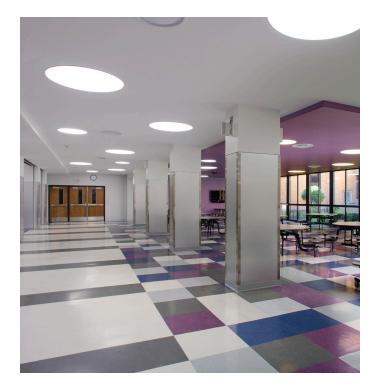

M agellan LED entices. Inspires. With its softly translucent domed lens, complemented by minimal trim, Magellan LED appears to be a floating circle of light. Let your imagination soar to create a truly unique lighting design in any space.

AcuityBrands.

KEY FEATURES

Aesthetics: Magellan LED entices the imagination and inspires creativity with its unique look and many design options.

- Six standard sizes: 12, 24, 36, 48, 60, and 72 inches in diameter
- Convex or concave lens
- Suitable for lay-in or sheet-rock ceilings

Uniformity: Maintains even luminance across the entire lens while providing up to 94 LPW.

Color Consistency: Color variation within 2.5 Step MacAdam's Ellipse ensuring uniform color temperatures (3000, 3500 and 4000K).

Driver: eldoLED™ constant-current driver options deliver choice of dimming range for ultra-smooth dimming resolution from 100% to less than 1% , and choices for control, while assuring flicker-free, low current inrush, 89% efficiency and low EMI.

Integrated Controls: Optional nLight® embedded controls make luminaire addressable- allowing it to digitally communicate with other nLight enabled controls.

Mark 360° Total System Integration: Complete lighting systems with components and technologies all manufactured, warrantied and supported by Acuity Brands®.
